Views: The number of mobile app screens or web pages your users saw. Repeated views of a single screen or page are counted.

Sessions: The number of sessions that began on your website or application. A session is a period of time during which a user interacts with your website or app.

Engaged Sessions: The number of sessions that lasted 10 seconds or longer, or had 1 or more conversion events or 2 or more page or screen views.

Engagement Rate: Engaged Sessions / Total Sessions

Active Users: The number of distinct users who visited your website or application. An active user is any user who has an engaged session.

New Users: The number of new unique user IDs who interacted with your site or launched your app for the first time.

Total Users: The number of unique user IDs that triggered any events.

Sessions Per User: The average number of sessions per user.

Total User Engagement: The length of total time that your app screen was in the foreground or your web page was in focus.
