This report shows many times an ad was clicked that contained that extension, not how many people clicks on that specific extension itself. Location Extensions are not currently available to be shown.

“Phone calls” are the number of times people clicked on a phone number displayed in an ad on a mobile device or manually dialed the Google forwarding number displayed in an ad on any device, regardless of the duration.

	SESSIONS PER USER		TOTAL USER ENGAGEMENT			

Views: The number of mobile app screens or web pages your users saw. Repeated views of a single screen or page are counted.

Sessions: The number of sessions that began on your website or application. A session is a period of time during which a user interacts with your website or app.

Engaged Sessions: The number of sessions that lasted 10 seconds or longer, or had 1 or more conversion events or 2 or more page or screen views.

Engagement Rate: Engaged Sessions / Total Sessions

Active Users: The number of distinct users who visited your website or application. An active user is any user who has an engaged session.

New Users: The number of new unique user IDs who interacted with your site or launched your app for the first time.

Total Users: The number of unique user IDs that triggered any events.

Sessions Per User: The average number of sessions per user.

Total User Engagement: The length of total time that your app screen was in the foreground or your web page was in focus.
