"Calls from ads" refers to a qualified conversion, meaning that the call had to go through and last for at least 60 seconds for it to be counted.

"Phone calls" in the Performance Max Call Reporting Details measures the total call volume generated by the ad.

Performance Max Extension Type Performance

This report shows many times an ad was clicked that contained that extension, not how many people clicks on that specific extension itself. Location Extensions are not currently available to be shown.

"Phone Calls" is the number of times people clicked on a phone number displayed in an ad on a mobile device or manually dialed the Google forwarding number displayed in an ad on any device, regardless of the duration.

"Calls from ads" in the Performance Max Other Google Conversions widget measures qualified calls that last at least 60 seconds.

		SESSIONS PER USER	TOTAL USER ENGAGEMENT			

Views: The number of mobile app screens or web pages your users saw. Repeated views of a single screen or page are counted.

Sessions: The number of sessions that began on your website or application. A session is a period of time during which a user interacts with your website or app.

Engaged Sessions: The number of sessions that lasted 10 seconds or longer, or had 1 or more conversion events or 2 or more page or screen views.

Engagement Rate: Engaged Sessions / Total Sessions

Active Users: The number of distinct users who visited your website or application. An active user is any user who has an engaged session.

New Users: The number of new unique user IDs who interacted with your site or launched your app for the first time.

Total Users: The number of unique user IDs that triggered any events.

Sessions Per User: The average number of sessions per user.

Total User Engagement: The length of total time that your app screen was in the foreground or your web page was in focus.
